ABOUT ME

Frontend developer with experience **1 yr+** in creating SPA using **React, Redux, Typescript, JS / ES6+**.
I have knowledge in user interface, testing, and debugging processes. I'm improving my skills in this direction and expanding them with new technologies such as Angular.
Ready to consider project work and full-time employment offers.

EXPERIENCES

2022 - present Part-time
FRONTEND DEVELOPER - PROJECT WORK

Key responsibilities:

- Creating SPA on React & Redux & TypeScript, development and update components and pages
- Working with a server using ajax (CRUD determination and data processing)
- Creating UI-kit (table, dashboards, buttons, forms, modal windows, etc)
- Project architectural solutions (layering UI, BLL, DAL, Server)
- RESTful (registration / loginization / pagination)
- Performance enhancement (memo, useCallback, lazy loading, etc)
- Covering applications with tests and Storybook
- Bug fixing, deploying, team development
